

Through a federal grant with the US Department of Labor and Argentum, the Healthcare Apprenticeship Expansion Program (HAEP) is proud to partner with Work Well to help apprentices persist in their programs, overcome barriers, and reach their professional aspirations. Eligible apprentices participating in the HAEP grant and their approved dependents, may be eligible to receive financial support and case management services from Work Well at no charge.

- ◆ **Utility Assistance:** Prevent utilities (electric, gas, water) from being cut off or to assist in getting them turned back on.
- ◆ **Childcare:** This is defined as the care and supervision of a child or multiple children in order for a parent or guardian to work, including out-of-school care for children up to age 13. This does not include camp, tutoring, or similar activities.
- ◆ **Car Repair:** This is defined as an urgent repair of the mechanical function of a vehicle in order to have reliable transportation for work. This does not include cosmetic repairs, detailing, or repairs resulting from a vehicle accident that would otherwise be covered by automobile insurance.
- ◆ **Home Repairs:** This is defined as a need that impacts the safety of a participant's/apprentice's primary residence when not created through a natural disaster, such as a plumbing or electrical emergency, or heating or air-conditioner replacement.
- ◆ **Medical Emergency:** This is defined as a medical need for primary family member only in the event of an illness or injury for which the financial need exceeds the participant's/apprentice's health insurance benefits. Medical emergency assistance is not available for participants/apprentices who rejected coverage available through their program/employer.
- ◆ **Eviction Assistance:** This is defined as emergency assistance to prevent eviction and requires a financial plan of action to ensure that this will not simply postpone the process but stop it and provide continued housing for the participant/apprentice and their family.
- ◆ **Catastrophic loss of property:** This is emergency assistance provided due to a natural disaster such as a fire, flood, tornado, hurricane, earthquake, etc.
- ◆ **Death of an immediate family member:** This is emergency assistance provided to the participant/apprentice to meet needs resulting for the death of a spouse, child or dependent in the participant's/apprentice's immediate primary family.
- ◆ **Financial Literacy Education:** Work Well offers financial literacy curriculum to apprentices assisting with their understanding and effective use of various financial skills, including personal financial management, budgeting and saving.
- ◆ **And More...** Work Well encourages apprentices to reach out if they are having a financial barrier that may prevent them from successfully reaching their goal. Visit our website, call or e-mail us using the information provided below.
